The content of this trading platform is not an investment advice and does not constitute any offer or solicitation to offer or recommendation of any investment product. It is for general purposes only and does not take into account your individual needs, investment objectives and specific financial circumstances. Investment involves risk. Past performance is not indicative of future performance. You should remember that the value of investments can go down as well as up and is not guaranteed. You may not get back the full amount invested. Investors should refer to the explanatory memorandum for full details before investing in any investment products and to seek professional advice where appropriate.

If you place any investment instructions through this trading services platform provided by Lego Securities, you would be confirmed to accept and agree the Risk Disclosures and Disclaimer set out below. As such, you must read carefully the terms of the important information and disclaimer.

Lego Securities may, at any time and from time to time, at its absolute discretion, without notice, make any amendments to these Disclaimers & Terms of Use and the amended version of these Disclaimers & Terms of Use shall be effective immediately upon the posting of it on the trading platform.

RISK DISCLOSURES AND DISCLAIMER

1. Risks of Using Internet Securities Trading Service

If you undertake Transactions via Internet Securities Trading Service, you will be exposed to risks associated with the Internet Securities Trading Service system including the failure of hardware and software, Lego Securities accepts no liability to you or anyone else for any loss or expense arising from the risks. The result of any system failure may be that your order is either not executed according to your Instructions or is not executed at all. In addition, there are risks of your access code or login password being abused or utilised by unauthorised persons. Do not divulge your login ID and password to third parties and change your password regularly. If there is any unauthorised use of your trading or login password, you shall notify Lego Securities immediately and you agree that you shall bear all risks in connection with any unauthorised use of your trading or login password and you shall indemnify Lego Securities on demand for any losses, costs, damages, expenses or claims which Lego Securities may suffer as a result of any unauthorised use of your trading or login

password.

2. Risks of Securities Trading

The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless.

3. Risks of Derivatives Trading

Trading of derivatives involves high risks and is not suitable for every investor. The prices of derivatives may fall as rapidly as they may rise and you may suffer total or excessive loss of your investment amount.

4. Risks of Margin Trading

The risk of loss in financing a transaction by deposit of collateral is significant. You may sustain losses in excess of your cash and any other assets deposited as collateral with the Company. You may be called upon a short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not made within the prescribed time, your collateral may be liquidated without your consent. In some market conditions we may be unable to contact you or provide you with sufficient time to make the required deposits, and forced liquidation may be necessary.

This brief statement cannot disclose all risks. Client should therefore study carefully the SECURITIES CLIENT AGREEMENT ([SCHEDULE C – RISK DISCLOSURE STATEMENTS](#)).
